Dear Sally,

I just wanted to let you know how much we appreciate you and your company and to thank you for the great service your company has provided us with the replacement of the air conditioning unit for our Chapel after lightning struck our facility.

Your men were prompt and courteous during this process and had to endure extremely hot temperatures (over 100 degrees) while on our roof. Upon completion, we now have a Chapel that will keep our families comfortable for any services.

Again, thank you for all that you and your company have done to assist our facility in providing our families with a comfortable place to have services.

Sincerely,

Hugh H. Peeler

Owner & President
